

# KITE TALES

REVIEWED REGION ORNITHOLOGICAL SOCIETY  
NO. 2 SANTA RITA, CALIFORNIA

HEAR YE - HEAR YE

Ray and Nell McDuffee invite the Birders for the "traditional" picnic supper for the September RROS meeting - September 11, 6:30 p.m., in the McDuffee "forest" picnic area; dinner served at 7:00.

They say please come; it isn't necessary to call - just come! Country clothes and a sweater or coat are in order for evenings get cool. It will be the dark-of-the-moon so a flashlight might help you back to your car.

Come as early as you wish, and enjoy the trees and garden, and numerous barn owls now in residence.

The "forest" is located on the west side of Petaluma Hill Road, just south of Curtis Drive which is just south of East Cotati Avenue that goes past the Sonoma State College entrance. Park along Petaluma Hill Road or turn into meadow by the well house.

## DUES

Our treasurer, Dr. Mike Parmeter, asks us to remind you that the yearly dues are now due. It's \$3.00 for Regular memberships and \$.50 for Juniors. Please come to the picnic prepared to pay if you haven't already paid.

## THANK YOU

It has been suggested that the field trip scheduled for last June was too late in the season. It is understood that only the leader, L.W. Beeman, and Natalie Mestechin reported in at Duncan Mills that morning. Too bad. That's usually a very good area for birds. The least we can do is to say "Thank you" to the faithful two. And we hope for a better attendance at the next field trip!

SEE YOU 6:30 p.m., THURSDAY, SEPT. 11 at the McDUFFEES

P.R.S.

RRG  
XSH

Many thanks to Nell and Ray McDuffee for another excellent first meeting of the year. All who attended enjoyed another excellent feed in the "forest".

Attention!!! This bird organization needs a program chairman. If someone doesn't step forward and offer their services we're in for a series of dull meetings.

OCTOBER FIELD TRIP

Date: Saturday, October 11, 1969  
Place: Off-Shore trip ----- if interested contact Mike Parmeter  
360 School St.  
Cotati, Calif. 94928
