RROS General Meeting October 13, 2011 at 7 p.m.

"Birding Highlights with Rick Le Baudour"

Rick LeBadour will be showing images from the last seven or eight years. They will include highlights from trips to Texas, Arizona, Colorado and Southern California. Other categories to entice the crowd will be backyard birds, artsy shots, lucky shots, RROS field trips, "where's Waldo," the rare and unusual and other critters. Be sure to bring binoculars as there is likely to be a quiz. We are going to see a lot of great photos.

<u>Directions to the meeting</u>: From Hwy 101 take Hwy 116 West toward Sebastopol. Turn right (north) on Llano Rd. and go ~ 1 mile to <u>Laguna Wastewater Treatment Plant at 4300 Llano</u> Rd, Santa Rosa. Look for an open gate on right. Proceed to Administration Bldg. at SE corner of the plant. From Hwy. 12, take Llano Rd. south about 3 miles. Plant is on left.

Dinner Before the meeting: Join some of us at 5:30 p.m. at the Star Restaurant, 8501 Gravenstein Hwy, Cotati (west of Hwy 101, at exit for Hwy 116 West)

Save the date - November 10th RROS General Meeting -

Caitlin Robinson-Nilsen, Waterbird Prog.Dir. of the SF Bay Bird Observatory - California Gull Population Growth & Impacts on Nesting Waterbirds in the SF Bay.

FIELD TRIPS Planned for 2011-2012

Saturday, October 15th - Bodega Harbor

Meet at 8:00am at the north end of Bodega Harbor near the rail ponds. There's a parking area on the right. We'll observe water birds, shorebirds and search for migrants and vagrants. Bring binoculars, scopes, field guides, lunch, water, layers and sunscreen. Leader Rick Lebaudour (707)935-3654.

Saturday, November 12th -Solano County

This is a winter birding road trip to the Robinson-Flannery roads area of Solano County and the Consumnes River Preserve and Staten Island in Sacramento County. Most of the birding will be by car with a small amount of walking at the Consumnes River Preserve.

In Solano County, we will look for wintering hawks such as Ferruginous, Rough-legged and Prairie Falcon, Burrowing Owl, Mountain Plover Long-billed Curlew and Tri-colored Blackbird.

In Sacramento County we will look for American Bittern, Greater White-fronted, Snow and Ross's Geese, White-faced Ibis, Common Snipe, Yellow-billed Magpie, wintering ducks and Horned Lark.

We will meet at 7:30 a.m. to car pool at the 'Park and Ride' at Highway 101 in Petaluma. Leaders: Ken Wilson and Becky Olson (707)775-2558.

December - no scheduled field trip because of the Christmas Bird Count.

January, 2012 - Overnight field Trip to Panoche Valley and Los Banos area; Martin Luther King weekend, January 14-16, 2012. Details to follow.

February 11, 2012 - Wintering birds in Solano and Yolo Counties. Details to follow.

Field Trip Report: Point Reyes, Tuesday, September 27th, 2011 Leader: Ruth Rudesill

We spent a lovely day with Carol Brant, Karen Nagel, Shirley Spina and Glenda Ross. We observed 60 species on a fairly slow day for migrants. The Lighthouse was blowing fog but we stopped at the Fish Docks, Drake's Beach and lower Mt Vision Rd. Highlights: Willow Flycatcher; Western Tanager; Elephant Seals; Yellow, Black-throated Gray and Chestnut Sided (spotted by Karen) Warblers.

The best event of the day was an encounter between a River Otter and Double-crested Cormorant: The otter was climbing a bush on the shore of the pond at Drake's Beach. A cormorant dragged itself, wet and soggy, from the pond onto a thin beam that was there to hold up some piping. It spread its wings to dry in the breezy sunshine. The otter moved to play with one of the pipes hanging down in the water, pulling the pipe with its webbed feet, at the end of the pipe. Then it twirled around the pipe like a gymnast.

The otter spotted the cormorant, looming above. The otter shimmied up the post supporting the beam (like a cat) and then crawled towards the cormorant, stopping several times to put its head down between its paws. (The cuteness factor here was over the top!) Finally when the otter got too close, the cormorant snapped its snakelike neck and hooked bill at the otter. The otter dropped into the water.

The cormorant moved to the end of the beam to continue drying its wings. The otter crawled up the bank towards us, watched us for awhile; decided the binocular eyes were too much and back flipped sideways into the pond. It was a once in a lifetime wildlife encounter!

Observations: Aug. 15, 2011-Sept. 14, 2011 Compiled by David A. Hofmann

Field Trip Report - Point Reyes, September 17, 2011 - Leader: Lisa Hug

We had a very pleasant field trip to Outer Point Reyes on September 17, 2011. We had planned to go straight to the Lighthouse to check out the migrant activity. But, as we arrived in the parking lot, we decided that it was too foggy to be able to see much, so we proceeded to the Fish Docks, where we spent most of the morning. The most exciting bird that we found was an Orchard Oriole at the "new willows" near the elephant seal lookout. We had a nice picnic lunch at the overlook along the road to the Fish Docks. We were hoping that some Sooty Shearwaters would be flying past, but it was too foggy to see any. We saw some distant ones from the fish docks. We then birded Drake's Beach, the RCA station tress and finally the riparian area at the base of Mount Vision Road where a Chestnut-sided Warbler appeared late in the afternoon.

Birds seen were Surf Scoter, Red-throated Loon, Common Loon, Eared Grebe, Western Grebe, Red-necked Grebe, Sooty Shearwater, Brandt's Cormorant, Double-crested Cormorant, Pelagic Cormorant, Turkey Vulture, Osprey, Northern Harrier, Red-tailed Hawk, Merlin, American Kestrel, Killdeer, Black Oystercatcher, Long-billed Dowitcher, Greater Yellowlegs, Sanderling, Whimbrel, Red-necked Phalarope, Western Gull, California Gull, Heermann's Gull, Ring-billed Gull, Common Murre, Pigeon Guillemot, Eurasian Collared Dove, Great Horned Owl, Anna's Hummingbird, Downy Woodpecker, Northern Flicker, Pacific-slope Flycatcher, Black Phoebe, Say's Phoebe, Warbling Vireo, Hutton's Vireo, Common Raven, Barn Swallow, House Wren, Pacific Wren, Bewick's Wren, European Starling, Common Yellowthroat, Hermit Warbler, Townsend's Warbler, Chestnut-sided Warbler, Tri-colored Blackbird, Red-winged Blackbird, Brewer's Blackbird, Brown-headed Cowbird, Savannah Sparrow, Song Sparrow, White-crowned Sparrow, Orchard Oriole, House Finch, American Goldfinch,

Field Trip participants were Peter Colasanti, Lisa Hug (leader), Rick LeBaudour, Don McCarthy, Richard Merriss Becky Olsen, Gerry Pacis, Colin Talcroft, and Ken Wilson.

Redwood Region Ornithological Society (www.rros.org) was organized in 1962 "to encourage the study and conservation of birds, other wildlife, and their natural habitat." Meetings are held the second Thursday of each month September through May, at 7:00 pm at the Laguna Waste Water Treatment Plant, 4300 Llano Road, Santa Rosa California, unless otherwise announced. Dues are \$20 per family, \$15 per individual or \$5 per student for a one-year membership. Send dues to RROS Treas. Don Howard, 979 Hogwarts Circle, Petaluma CA 94954.
